

LETTER FROM THE DIRECTOR

Dear Friends of the Community,

So far, the year 2011, has given us one of our snowiest seasons on record and now we have lived through Hurricane Irene! Hopefully, everyone is back to normal in their households and for those that may not be, we hope that you will be soon and if our departments can be of any help, please call and reach out. **A big applause for all of those that helped set up the emergency shelters, giving those that needed a place to sleep, water, showers, meals or simply to get “plugged” in. It is so wonderful to see how communities open their doors to take care of their residents.**

The Spring & Summer seasons were extremely busy and we were fortunate to see many of our residents taking part in many of our programs and events! Our 10th Potato & Corn Festival was a huge success despite a rainy Saturday night and Sunday morning! Our event has also been listed in a book called “Amazing Festivals” by Donald Vaughan & Eric Peterson, that lists 100’s of hometown celebrations. The book can also be purchased on www.Amazon.com. We have a copy in our department and will try to get a few more for our office for those who are curious or just plain proud that our once little event has gotten so big. Once again a huge thank you to all the volunteers that helped out and to our incredible Festival Committee of dedicated and hard working volunteers too~! Interested in being part of our festival committee? If so, please give our office a call and we will let you know our meeting schedule.

Once again, The Parks, Recreation & Senior Center staff looks forward to serving our community with great programs and events in 2011 - 12!

Sincerely, Pamela Gery
North Branford Parks, Recreation & Senior Center Director
